AmeriHybrid®

Golden State Bulb Growers is the oldest grower of tuberous begonias in North America. AmeriHybrid® Begonias are recognized as top quality product with over 100 years of tradition.

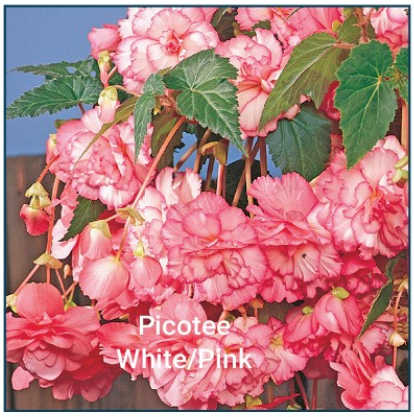
Available Weeks 3-27

Hanging Basket

Hanging Basket Scarlet Orange

Hanging Basket

Free flowering AmeriHybrid® Hanging Basket Begonias produce the largest flowers of any pendula type. Flowers measure 3" to 6" (7.6-15.2 cm) across.



Ruffled

Large 5-9" (12.7-22.8 cm) blooms, ruffled petal edges and highly consistent double blooms. AmeriHybrid® Ruffled Begonia blooms are consistently the largest in the world.

Roseform

This smooth-petaled American begonia has an outstanding and distinctly symmetrical form. Ameri-Hybrid® Roseform Begonia blooms are exceptionally large at 4-8" (10.1-20.3 cm) across, consistent and markedly three-dimensional.

On Top®

The best container picotee available that features an exceptionally long blooming period. On Top® Begonias are free flowering, tough, compact, quick to finish and feature remarkable branching.

Fandango

Melon Lace

Pink Halo

Sunset Shades

Sun Glow

Surprise (Mix)

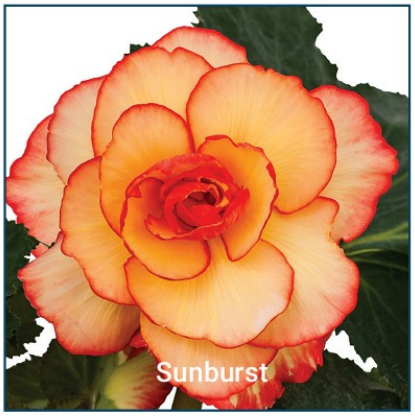
On Top® Sunset Shades

Picotee

Ruffled, double blossom blooms that measure 4-8" (10.1-20.3 cm) across. AmeriHybrid® Picotee Begonias have the most extensive list available.

Calypso

Flamenco



Sunburst

White/Pink

White/Red

Lace Apricot

Lace Pink

Lace Red

Lace Salmon

Scentiment®

Unique fragrant begonias! Scentiment® Begonias are multi-branching and best suited for large hanging baskets but are mounding enough to display in an upright container. Also available as unrooted cuttings and rooted cuttings.

Scentiment®	Mounding	Solid	Pot	Both	6" or Larger	Med-Tall	High	Medium

Availability: Second week of January to the end of May.	Pot Sizes are based on standard diameter pots.
Timing: Color shows in approximately 10-14 weeks.	Bloom Count at Peak: Low 9-14, Medium 15-19, High 20+.
Continuous blooming throughout summer and fall.	Bloom Size: Small (Sm) 2-3", Medium (Med) 4-5", Large (Lrg) 6-7", Extra Large (XL) 8"+.
Scentiment® and On Top® have mounding habits; great in hanging baskets (HB) or standard pots.	

Aloha Lily®

Exciting Collection of Fragrant Hybrid Eucomis.

Bring paradise home with Aloha Lily®, our collection of dwarf eucomis. This low input collection is virtually pest and disease free. Aloha Lily® has exotic, coconut-scented blooms with a long post-harvest life. Well suited for small to medium containers or in large containers with multiple bulbs.

Available Week 8-31

Leia

LEIA EU 20208 JP 24640 US PP 17749

Leia is a multi-flowering burgundy beauty with delicately purple spotted leaves.

Kona

GSALKIAN EU 36607 JP 24643 US PP 25114

Kona's deep burgundy buds open to glossy blooms, offset by bright yellow anthers.

Maui

GSALKELE EU 36606 JP 24644 US PP 25115

Maui's white blooms retain their color for an extended period and make a great complement to darker blooms.

Nani

GSALIPOL EU 36605 JP 24641 US PP 25140

Nani is a soft pink addition to the collection. Nani is a highly floriferous variety with an attractive color that lasts for weeks.

Aloha Lily®

Tiki

GSALMAKA EU 36608 JP 24642 US PP 25196

Tiki is the newest addition to the Aloha Lily eucomis collection. Tiki's blooms range in color from light to dark burgundy with exotically spotted foliage

The pot/bulb configurations shown above are intended as examples of possible combinations. They are not representations of all possible combinations. Work with your broker to determine the best configuration for your use.

CARIBBEAN JEWELS®

Caribbean Jewels®, is a low input crop requires little or no heat. It is a very drought tolerant garden plant, naturalizing in landscape where ground does not freeze. Great in containers and makes a unique cut-flower.

Available Weeks 33-48

New! BONAIRE

Bonaire is the newest addition to the Caribbean Jewels® line. Bonaire has deep blue blooms with striking yellow anthers and is more compact than Sapphire Blue. Bonaire boasts a longer flower period than Caymen and Sapphire Blue.

CAYMAN

Cayman is the first compact addition to Caribbean Jewels Scilla line. Cayman's glossy striped buds open to violet blooms with true-blue centers and striking yellow anthers. Compact, matte green leaves cradle large umbels filled with blooms.

SAPPHIRE

Sapphire Blue is unique for its striking blue color, large conical flower form and long post-harvest display. The multiflora Sapphire Blue blooms in late winter to early spring.

Callafornia Diva®

‘Classic White’ Aethiopica

Available Weeks 33-5

Planted in late summer through winter ‘Classic White’ blooms continuously through spring, requiring little or no heat if above freezing. Performs best in large containers or tubs. Stems reach 30” (76 cm) or more when given ample root space. Makes a great cut flower. Naturalizes outdoors in areas where soil does not freeze and will grow in wet

Callafornia Callas® Ordering Guide

Bulb Sizes and Packing Information
GSBG's Callafornia Callas® are graded and sold in eight different sizes measured as inches (diameter) and centimeters (circumference).

Standard Packs and Multiples
Please order in tray counts. Orders will be rounded to the nearest full tray count if necessary.

Specify Ordering
In order to serve you best while providing the best possible product for your specific needs, please specify the following details when submitting orders.

- Grade: "Grower" or "Dry Sales" (retail, mail order, for home garden use).
- Usage for Growers: "Cut-Flower" or "Pot"; if for pot please indicate pot size and intended number of bulbs per pot.

Bulb Size Standard Diameter	Bulb Size Metric Circumference	Tray Quantity	Bulk Per Crate/Carton	Approx. LB	Case Weight KG
1.0-1.25"	8/10	300	1200	36	16
1.25-1.5"	10/12	200	800	36	16
1.5-1.75"	12/14	150	450	36	16
1.75-2.0"	14/16	125	375	36	16
2.0-2.25"	16/18	80	240	36	16
2.25-2.5"	18/20	65	195	36	16
2.5-3.0"	20/24	50	150	36	16
3.0"+	24+	25	75	36	16

3.0"+ Not available in all varieties. See Pot Planner for recommended bulb sizes relative to desired application.

Bulb Preconditioning
All bulbs receive preconditioning treatment which:
- Doubles the number of flowers in most varieties.
- Significantly enhances disease resistance and vigor of plant growth.
