WELCOME to the 2024 Annuals Catalog

We are so excited to share our 2024 annuals portfolio with you! The product management team has been working closely with our breeding team to offer the industry best-in-class genetics and those with grower solutions in mind.

There are so many exciting launches; it is hard to highlight them all!

Offering grower solutions is top of mind for our team and the relaunch of Potunia®+ is just that. We have taken the best of our Potunia® and Potunia®+ lines and merged them into one uniform series. It is a true grower series in every way: varieties matched in habit, vigor, and flower timing create the perfect series. Moreover, many improved Potunia®+ are have been bred using our innovative breeding technology Intrinsa®, yielding the world's first TMV-resistant petunias.

Ballerina Fuchsia set the new standard in day-neutral Fuchsia. Superior branching and improved heat tolerance plus controllable vigor make this series a winner for the grower and the consumer.

Down Town Coleus are sure to bring the wow factor. The series boasts unique colors and textures and will thrive in both sun and shade.

Revelation Dahlias will be on point as the demand for pollinator plants increases. Revelations have brightly colored, semi-double flowers set above dark foliage for a dramatic contrast. Open pollen attracts our pollinator friends like bees & butterflies.

You will also find new classes from Dümme Orange in this year's portfolio. We are excited to launch our *Dipladenia Flordenia* series, a series bred for superior branching and cold tolerance. Cold nights in the south are no problem for Flordenia! In addition, *Mandala Pericallis* provides early spring color like no other from our reliable supply chain.

There are also many improvements in 2024, making our genetics best in class for the grower and consumer, but also reliable at our production farms to insure quality.

The future is bright at Dümme Orange and we look forward to a successful partnership with brokers and growers!

– North American Product Management Team

INTRINSA[®]
plant power

True *beauty* comes
from within

DISCOVER INTRINSA[®]: PLANTS POWERED
FOR A GREENER FUTURE

Intrinsa[®] brings advanced techniques to traditional breeding to create worry-free varieties for a more sustainable and economically protected future.

Why Intrinsa[®]?

1

Stronger, healthier plants

Thanks to advanced breeding technology

2

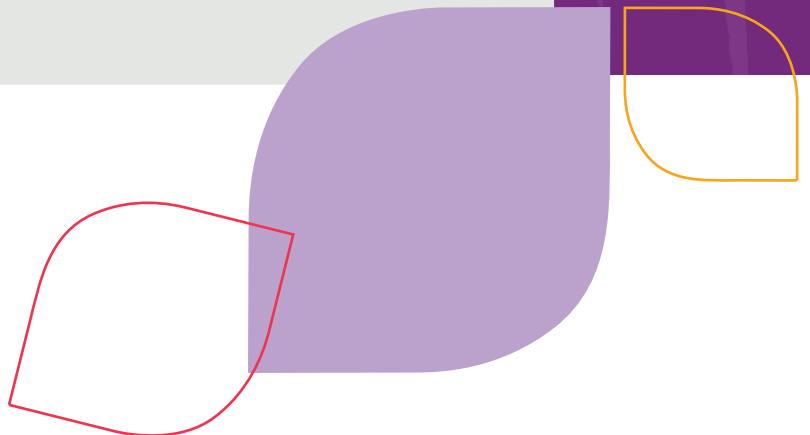

Environmentally sustainable approach

Fewer chemicals, no fuss or worries, longer life cycle

3

Economic success

Less waste and fewer risks for efficient results

Imagine a future where plant disease is a thing of the past...

INTRINSA® BREEDING: HARNESSING THE POWER WITHIN.

Intrinsa® breeding is your best defense against disease with the power coming from within the plant itself.

The Intrinsa® breeding program from Dümmer Orange identifies and isolates the perfect genetic strain in DNA for naturally occurring resistance against known viruses.

Look for this icon throughout this catalog to identify the gorgeous varieties created using Intrinsa® advanced breeding technology.

Connecting the world

Intrinsa® allows for greater accessibility of plant material produced from more countries worldwide for a broader availability to your garden.

EXPLORE THE WORLD OF
INTRINSA®

Making homes and gardens greener

Intrinsa® technology identifies unique DNA patterns with natural disease resistance, reducing pesticide needs using these innate genetics.

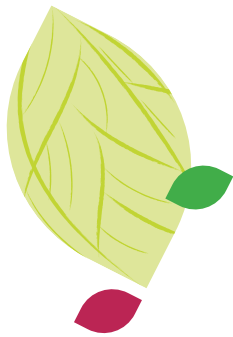

Transforming supply

Intrinsa® advanced breeding techniques help make crops more reliable for greenhouse and nursery growers, ensuring a steady supply of your favorite blooms.

Life of the *party*

CONFETTI GARDEN®

Perfectly designed for both containers and hanging baskets, look no further than our designer-inspired Confetti Garden® combinations. Embrace an entire rainbow of options with trendsetting blends that work in sun, shade, or anywhere in between, and help your consumers create the stylish backyard staycation space their yards deserve.

The new Tik Tok® calibrachoa lineup offers a fun and playful pattern with dark, eye-catching centers topped with a bright, sunny-yellow starburst! These varieties have excellent vigor, making them well suited for combination containers and baskets where they will playfully mingle with each other, or our other top-performing annual varieties.

One of the biggest consumer trends right now is purchasing products that have a positive impact on the environment around us. These Pollinator's Paradise combinations blend annuals and non-stop flowering perennials that actively feed the pollinating visitors in our gardens. Each combination is specifically designed to feed either bees, butterflies or hummingbirds.

Better Together ► **MIX N' MATCH**

The Better Together program from Dümmen Orange provides the easiest solution for growers to produce exciting combinations that offer a wide array of vibrant colors and go the distance for all-summer color.

Great Falls® coleus varieties blend seamlessly with three of our other top-performing heat-tolerant genetics for no-fail summer color. And with impeccable uniformity across all lines, growers can mix and match any varieties for combinations that turn out perfect, consistently.

LOVES the *Sun* ►

BIG EEZE® GERANIUMS + GREAT FALLS® COLEUS

Big EEZE® geraniums are an industry-leading interspecific series with outstanding and all-summer durability. They have a mounding habit perfect for hanging baskets and patio containers.

I'CONIA® BEGONIAS + GREAT FALLS® COLEUS

I'Conia® begonias are an ideal choice for heat-loving combos that thrive in both sun and shade. I'Conia® Miss varieties work best with Great Falls® coleus for hanging baskets, with their cascading nature, while the Upright types are well suited for patio planters.

◀ **LOVES the *Sun & Shade***

LOVES the *Shade* ►

MAGNUM NEW GUINEA IMPATIENS + GREAT FALLS® COLEUS

We love the Magnum and Great Falls® combo for brilliant displays in shady locations. These perfectly mounding habits make them ideal for both baskets and containers. The massively oversized blooms of Magnum varieties make a bold statement against the tricolor foliage of the Great Falls®.

ANNUALS A-Z

The Aria varieties were specifically developed for summer performance in container gardens. These varieties have a mid-height that won't get floppy in summer months, and superb side branching to mingle with other container components. Extra-large flowers are densely packed along the spike for maximum vertical color.

Bacopa | Bahia

Bahia varieties add brightness and texture to hanging baskets and combination containers with their profusion of star-shaped blooms. The traditional Bahia varieties will have a more trailing habit, while the Bahia Sand varieties have a more mounded and densely branched habit, more suitable for container sales on the bench.

I'CONIA®

GARDEN BEGONIA

I'Conia® begonias are the *most luxurious series* of hybrid begonias available for both *sun and shade*. Bred equally for foliage and flower, these exquisite plants make a *dramatic statement* in the garden, combination containers, and hanging baskets.

I'Conia® is available in five distinct families to make programming and sizing easier.

Begonia
I'Conia®
Bacio White
50752

I'CONIA® BACIO

The newest family to the I'Conia® brand, Bacio has naturally compact plants that are perfect for smaller container sizes and dazzle with a profusion of brightly colored flowers on dark, rich foliage.

Compact • Ideal for 4-inch to 6-inch pots

I'CONIA® PORTOFINO

Luxurious Portofino has rich, dark-chocolate foliage – a striking backdrop for the brightly colored semi-double blooms. The mounding habit works well in containers or hanging baskets for dramatic statements in both sun and shade.

Semi-double blooms • Ideal for 6-inch up to hanging baskets.

NEW
Begonia
I'Conia®
Portofino
Dark Orange
50882

Begonia
I'Conia®
First Kiss Orange
50536

I'CONIA® FIRST KISS

Magical, like a first kiss, this series is vibrant, upright and strong! The semi-double flowers have semi-vigorous growth and excellent branching. Great garden performance in both sun and shade.

Semi-double blooms • Ideal for 8-inch pots, upright deco containers, and landscapes • Matches Upright in vigor and use.

I'CONIA® UPRIGHT

Vivid colors pop on extremely dark foliage and an upright habit. Perfect for Garden Party combination planters, large containers, or mass landscape plantings; extremely heat tolerant.

Single blooms • Ideal for 8-inch pots, upright deco containers, and landscapes • Matches First Kiss in vigor & use.

NEW
Begonia
I'Conia®
Upright Apricot
50535

Begonia
I'Conia®
Miss Miami
50757

I'CONIA® MISS

Miss Malibu, Miss Montreal and Miss Miami are the stunning new trio in the hanging basket program. They have the rich, fully double blooms of an I'Conia® begonia, but with a stunning cascading habit.

Ideal for hanging baskets.

Begonia | I'Conia® Bacio

Bacopa
I'Conia® Bacio

Bacio means “little kiss” and that’s exactly what these are, compared to our best-selling Portofino varieties. The I’Conia® Bacio lineup has the same vibrant blooms and exquisite foliage, but on naturally smaller plants, making them an ideal selection for quart containers or as a component in smaller combination planters.

Begonia | l'Conia® Portofino

Begonia
l'Conia® Portofino Dark Orange

Portofino varieties are the most premium lineup of luxury garden begonias available. These interspecific varieties have plump, oversized double blooms, contrasted against the dark decadent chocolate foliage. These varieties are suitable in container sizes from quarts to 8-inch in the garden center, and will perform with ease in sun or shade for the gardener.

CALIBRACHOA

Welcome to the industry's most complete program of calibrachoa. From minis to megas, bicolors, starbursts, and color-changing blooms, Dümmen Orange offers the most complete lineup of exciting, dependable, and profit-driving genetics in the category.

CALIBRACHOA

THE WORLD'S BEST...

OUR LINEUP OF CALIBRACHOA IS DESIGNED TO FIT EVERY GROWER NEED.

ALOHA NANI SERIES

Daylength neutral and naturally compact, these are perfect for premium pots and packs for early season sales. No pinch or PGRs required.

ALOHA KONA SERIES

Daylength neutral and naturally compact, these are perfect for premium pots and packs for early season sales. No pinch or PGRs required.

HULA SERIES

These varieties are well recognized for their dark "hula-hoop" centers, making eye-catching baskets from a distance.

RAINBOW[®] SERIES

Rainbow[®] varieties provide gardeners a distinctive blend of colors that continually change throughout the season.

ALOHA SERIES

Aloha varieties are the classic hanging basket types with large, saturated flowers on more vigorous plant habits.

TIK TOK® SERIES

Named for the hands of a clock going around the center ring, Tik Tok® varieties have a very playful pattern on more vigorous plants, perfect for baskets and combinations.

VOLCANO SERIES

A very novel star pattern on vigorous plants that make dramatic hanging basket displays in the garden.

BLOOMTASTIC SERIES

Hands down, the best summer-performing Calibrachoa available. These constant award-winners boast massive, shimmering flowers on extremely durable and heat-tolerant plants.

COLEUS

A COLEUS FOR EVERY NEED...

WITH A WIDE VARIETY OF COLORS AND TEXTURES!

DOWN TOWN SERIES

Our most compact series, Down Town is finely textured with multi-toned foliage and a compact habit that gives small spaces a bold look. Its compact-medium vigor works in quarts and gallons.

GREAT FALLS® SERIES

Great Falls® coleus are the perfect trailing addition for mixed containers and hanging baskets, in both sun and shade. Perfectly uniform across the series and semi-compact.

STAINED GLASSWORKS® SERIES

Stained Glassworks® have bright colors & fun textures, perfect for shade combination plantings or mono-pot sales. Suitable for quarts up to gallon container sizes; medium-large vigor.

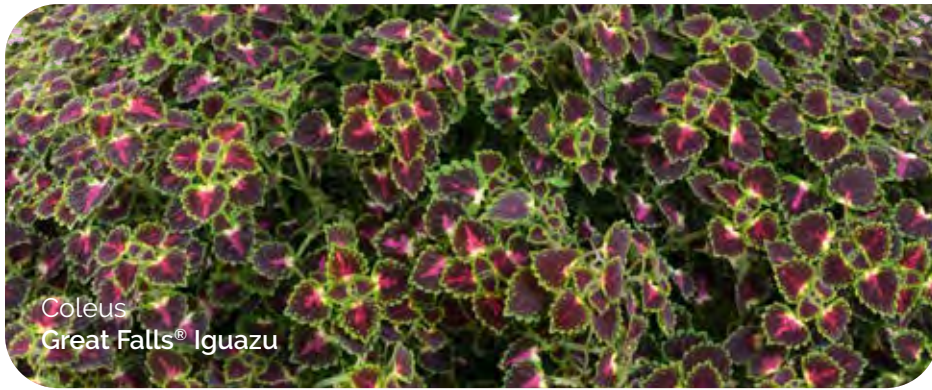

MAIN STREET SERIES

The Main Street series of coleus are the industry standard for garden and landscape performance. Full sun or full shade performance with large full-figured habits; vigorous.

REVELATION DAHLIA

Exploding with large, semi-double flowers, strong stems and dark-green foliage. Revelation has great vigor, and is an excellent choice for large containers and landscape plantings.

REVELATION
DAHLIA

LEARN MORE

DAHLIAS

A STAPLE FOR EVERY BEDDING PROGRAM...

EVERYTHING GROWERS NEED, FROM 4" TABLETOP DISPLAYS TO LARGE CONTAINER THRILLERS AND MEGA PERFORMERS FOR LANDSCAPES.

NOVATION[®] **SERIES**

Novation[®] dahlias are early season and are a perfectly uniform series designed for grower programmability. All varieties flower within three days of one another and have full, very densely branched plants that are ideal for high-density production.

DAHLINOVA[®] **SERIES**

Dahlinova[®] is very versatile in the landscape and thrives in containers and sunny flower borders, producing an abundance of large, ultra-bright blooms all summer long. A great garden performer and super cut flower.

STARSISTER **SERIES**

The Starsister series are known for their visually striking blooms with bold bicolors and unique flower forms. These plants have a compact to medium vigor, ideal for quarts to 8-inch containers.

TEMPTATION **SERIES**

Temptation dahlias are a real highlight with their jet-black foliage setting a dramatic background for the vividly colored and fully double flowers. The series is exceptionally uniform across colors with a mid-vigor for larger containers and combination planters.

HYPNOTICA® SERIES

The Hypnotica® series brings growers a full range of colors on fully double flower forms. These medium to high vigor plants are ideal for larger container sizes and display fantastic garden performance throughout the summer.

REVELATION SERIES

The new Revelation Series is primed to become the industry standard for uniform timing and habit in dahlias. Revelation's vigor makes these dahlias an excellent choice for both large containers and landscape plantings.

MEGABOOM SERIES

MegaBoom takes an extra-large flower size and places it right on top of the plant for an especially dramatic splash of color in large combination containers or in the front of the garden border.

XXL SERIES

XXL dahlias are an industry favorite with their oversized blooms towering above the plants on tall, elegant peduncles. These varieties are the most award-winning dahlias in summer trials across North America for their superior garden performance.

The Flordenia™ motto: Better branching = More flower power! Flordenia™ thrives in a variety of weather conditions, from cold nights in southern climates to hot summer weather! Because it is relatively drought tolerant, Flordenia™ is an excellent choice for busy gardeners who may forget to water from time to time. The mounding varieties are a perfect choice for various grower pot sizes.

Ballerina

DANCING COLORS

On point

BALLERINA FUCHSIA

The star of the show is Ballerina, the new Fuchsia series with its strong, day-neutral and well-branching plants that are naturally compact.

The new series performs exceptionally well on balconies and terraces or flower beds and borders. Ballerina blooms reliably and persistently from early April to August. Their individual medium-sized flowers attract bees and other pollinating insects throughout the whole summer season.

LEARN MORE

Ballerina offers day-length neutral options in fuchsia production. Outstanding heat tolerance and excellent branching and little to no PGRs!

GERANIUMS

A truly classic garden plant, geraniums have been a gardener's favorite for over a century. The new breeding in Dümmer Orange geraniums goes way beyond the basics and has created the easiest plants for growers and the most durable plants for gardeners, making sure this staple remains a favorite for a century more.

GERANIUMS

AT THE INTERSECTION OF SCIENCE AND BEAUTY..

A COMPLETE PORTFOLIO OF ZONALS, INTERSPECIFICS, NOVELTIES, AND IVIES TO FILL EVERY NEED. WE OFFER THE BRIGHTEST COLORS, GROWER-FRIENDLY HABITS, AND THE BEST GARDEN PERFORMANCE.

SURVIVOR[®] SERIES

The Survivor[®] varieties are just that, a premium plant which will finish easily and lends itself to many container sizes and growing conditions. They have the classic lively foliage with the distinct zoning, showcasing the large flowers in bright colors.

SAVANNAH[®] SERIES

A great pick for a premium zonal program, Savannah[®] varieties have a deep dark-green foliage to set them apart on the bench. Savannah[®] varieties are also recognized for their superior plant habits across the series.

BROCADE SERIES

Brocade Geraniums offer something different in the garden with their unique foliage colors and incredible flower power. Brocade have exceptional garden performance in containers and the landscape, so much that two varieties have AAS distinction.

PATRIOT SERIES

These early-season performers explode with vigor on the bench and in the landscape. Excellent for larger container sizes and combination planters where you need to fill with color fast.

MAESTRO IDOLS SERIES

These varieties are ideal for mid-season sales with a medium vigor for 4- and 6-inch containers, and the classic green with deep zoned leaves that consumers love.

BIG EEZE SERIES

Hands down, the most impressive geranium for retail sales. This interspecific has the heat tolerance of an ivy, but with the classic look of a zonal with super-sized flower power.

NEW

SANTANA SERIES

The perfect pick for nonstop flowering baskets, Santana has a well-branched and controlled mounding and spreading habit for maximum flower power at retail, with unstoppable performance in the summer months for consumers.

NEW GUINEA IMPATIENS

PROVIDING EVERY POSSIBLE SOLUTION...

WITH A COMPREHENSIVE COLLECTION OF TEXTURES, PATTERNS, AND COLORS, OUR PORTFOLIO WILL ELEVATE CONSUMERS' INTERESTS AND GROWERS' PROFITS.

 **PETTICOAT[®]**
SERIES

The Petticoat[®] lineup is the preferred solution for early-season sales. This series has outstanding uniformity and a full spectrum of solid colors, stars, and frosted bicolors. The varieties have medium vigor and are the earliest to flower, making them ideal for spring pots and baskets.

 **MAGNUM**
SERIES

The Magnum series is well-known and aptly named for its impressive, oversized blooms that grab consumers' attention at retail. The plants have appropriate vigor for larger containers and hanging baskets, and the varieties match up well for easy combinations.

 **MEGAGUINEA**
SERIES

The newest New Guinea for landscape use, these plants have mega vigor, matched with mega flower power. A single cutting will quickly fill a gallon container, and these durable plants with textured blooms are outstanding for commercial landscape use.

ROLLER COASTER SERIES

Maximize profits by offering consumers wildly unique flowers on one of their favorite bedding plant categories. The Roller Coaster varieties have wavy, three-dimensional blooms with vivid colors to provide ultimate interest in container gardens and front-of-the-border plantings.

SUNSTANDING[®] APOLLO SERIES

This series is our most popular choice for large landscape installations, featuring intense pure colors on plants with exceptional vigor. Perfectly matched across the colors, landscapers can mix and match for designer and seasonal color combinations. The full sun and full shade tolerance of SunStanding[®] varieties makes them a versatile option to use across all landscape beds.

SUNSTANDING[®] HELIOS SERIES

For growers looking for varieties suitable to smaller containers, or landscapers needing a front-of-the-border option, the Helios family offers the same characteristics as Apollo varieties, but with a 20% smaller plant habit, smaller leaves, and smaller, but more prolific flowers.

SUNSTANDING[®] JAZZY SERIES

Jazzy varieties add dramatic flair to the program with a bright tropical look. With intense neon-colored flowers on top of brilliant lemon-lime variegated foliage, these are showstoppers on the retail bench and in large combination containers. The decorative foliage of Jazzy varieties works equally well as an ornamental addition to combos, but with the added bonus of vibrant flowers throughout the summer.

Impatiens SunStanding® Apollo Lilac | 32484

Our most popular choice for large landscape installations, featuring intense colors on plants with exceptional vigor. Perfectly matched across the colors, landscapers can mix and match for limitless combinations. The versatile full-sun and full-shade tolerance of SunStanding® varieties make them the perfect option to use across all landscape beds.

New Guinea Impatiens MegaGuinea
White Blush

Mega speed, mega color, and mega profits! This new lineup of enhanced New Guinea Impatiens is the perfect profit-maker for your one-gallon programs. With just a single cutting, these plants fill out fast and put on a large display of giant, ruffled blooms throughout the season. MegaGuinea is also one of the earliest series to come into color, allowing earlier sales at retail or for professional landscape applications.

Lantana | Heartland

Heat loving, well-branched Heartland varieties bring 30% more vigor compared to standard Havana series. Same large umbels and dark, glossy foliage on a very uniform new series. Pollinator friendly, great for landscape as well, mixed with other genera for container plantings especially in Southern regions where gardening is an extreme sport.

INTRODUCING MANDALA® & MANDALA® PLUS

Pericallis Mandala® and Mandala® Plus are just what you need for early spring sales. With bright bicolors as well as solid colors, Dümme Orange has many options to fill smaller pots and larger containers. They make an excellent potted flowering crop that can target holiday sales. These vivid, floriferous plants are well-branching, suitable for cooler weather, and pair nicely with Pansies, Primula and Osteospermum.

Mandala® performs well when used in 5"-6" pot applications.

Mandala® Plus is best used for 6" and larger containers.

Growers will love...

- Minimal use of PGRs ✦
- Little energy required ✦
- Very good branching ✦

Retailers will love...

- An early spring crop ✦
- A big WOW factor on shelves ✦
- Little maintenance required ✦

Consumers will love...

- Bright single or bicolors will bring spring to the garden!..... ✦
- Pollinator friendly ✦
- Low maintenance ✦

PETUNIAS

PETUNIAS SIZED TO PERFECTION..

WITH THE WORLD'S MOST EXTENSIVE COLLECTION OF PETUNIA VARIETIES, YOUR PETUNIA PROGRAM IS SET FOR SUCCESS.

ORIGAMI SERIES

Strong performance and daylength neutrality with medium-sized, fully double flowers, is perfect for small container production.

POTUNIA[®] PICCOLA[®] SERIES

The reliability and uniformity of Potunia[®] + with a more compact habit and smaller flowers.

POTUNIA[®] + SERIES

Experience petunia perfection with Potunia[®] +! Perfectly mounded habit that grows like a bubble makes Potunia[®] + the grower's petunia series for premium pots, bountiful baskets, and components of colorful Confetti Gardens[®]. Several varieties are now Powered by Intrinsa[®], providing TMV-resistance and stronger, more resilient plants with lasting beauty throughout the growing season.

PEPPY SERIES

Star petunias with pep have a semi-upright habit with strong branching. Good for container and basket production.

SWEETUNIA SERIES

Sweetunia varieties are a grower and retailer favorite with a full habit that boasts a profusion of brightly colored and uniquely patterned blooms. Known for a medium upright habit and vigor; ideal for several container sizes and to be used as fillers in combination containers.

SURPRISE® SERIES

A spreading, vigorous habit makes early-flowering Surprise® a solid choice for landscape applications or large containers.

SURPRISE® SPARKLE SERIES

The Surprise® Sparkle varieties display an exciting twinkling effect on the petals. The plants have strong vigor and are ideal for hanging baskets and large containers. Sparkle varieties also have great consistency in their patterns throughout the season.

DURABLOOM® SERIES

The world's first interspecific petunia, bred for heat & humidity tolerance and superior garden performance across North America. DuraBloom® extends the petunia growing season, thrives in the summer, and showcases vibrant blooms that stand up to heavy rain storms.

Petunia | Sweetunia

Sweetunia varieties have become a grower and retailer favorite with a full habit that boasts a profusion of brightly colored and uniquely patterned blooms. The series is known for a medium upright habit and vigor, making them ideal for several container sizes and to be used as fillers in combination containers.

THE GARDEN COLLECTION

For the avid gardener and the part-time gardener, these varieties are tried and true and wonderfully grower friendly.

Alternanthera | Various

We love alternanthera for its colorful foliage and its versatility both indoors and out. It's a popular groundcover and used in mixed combinations where hot weather durability is a must. But these varieties are also fantastic as interior foliage items. Outdoors, these low-growing varieties of alternanthera are useful as an edging plant or the front of the border.
